Applicant notes that a Terminal Disclaimer was submitted to the USPTO, together with other papers (including an Amendment, a request for change of inventorship and an Information Disclosure Statement), in a submission dated December 19, 2002. It appears that at least some of these papers have not been received by the Examiner in this case. Accordingly, Applicant re-submits herewith, a copy of each of the papers that were filed on December 19, 2002, together with a copy of the stamped, return post card indicating receipt of these papers by the USPTO on December 30, 2002.
